Project Flow

Date	04 November 2022
Team ID	PNT2022TMID19041
Project Name	University Admit Eligibility Predictor

Pre Requisites
- Install Anaconda
- Install Python Packages

Data Collection
- collect the dataset

Data Preprocessing
- Import the libraries
- importing the dataset
- Checking for Null Values
- Data Visualization
- Taking care of Missing Data
- Label encoding
- One Hot Encoding
- Feature Scaling
- Splitting Data Into Train and Test

Model Building
- Training and Testing the model
- Evaluation of model

Application Building
- Create an Html code
- Build a Python Code
